COMMITTEE REPORTS

NSSEO Agreements, Feedback (Information)

The NSSEO Governing Board's Operating Agreements have not been reviewed since 2015. Dr. Schnoor has recommended a two-tier board structure; therefore, the recommendation to reopen the Operating Agreements and amend them to further update the new structure is being presented. At the last RTSD26 Board of Education meeting, Mr. Rognstad asked the members to review the Operating Agreements and provide at least two things they wish to accomplish regarding the discussion of the agreements. Tonight the Board will share their thoughts.
