

South San Antonio Regular Bus Routes

2016-2017

- Texas Education Code 42.155 provides for basic transportation allotment for students who reside two or more miles from the student's campus of regular attendance, measured along the shortest route that may be traveled on public roads, and who is not classified as a student eligible for special education services. Under this section of the law, each district is entitled to an allotment based on the daily cost per regular eligible student of operating and maintaining the regular transportation system and the linear density of that system.

Current Elementary School Routes

School	Total Current Routes	Average # of Students Transported	Average # of Students Transported Outside of 2 Miles	Average # of Students Transported Within 2 Miles
