RECOMMENDATION:

Approve the last year of a 5 year extension agreement with Blackboard, Inc. to provide a Managed Hosting Solution and course delivery for their on-line learning management software used by the College to support our on-line classes at a cost of \$89,000.00 for 2022.

BACKGROUND/RATIONALE:

Blackboard, Inc. is currently hosting the College's critical online courses and programs in a redundant and secure cloud-based environment. Blackboard, Inc. also manages all aspects of server hardware, backups, and operating system administration. The current agreement started 9-1-17 and runs through 8-31-2022. The cost of the initial year was \$145,000.00. Year two was \$85,000.00. Year three was \$88,000.00. The 4th and 5th years of this agreement are both \$89,000.00 a year.
