

A photograph of a two-lane road at night, shrouded in thick fog. The road is illuminated by a pair of bright headlights coming from a vehicle in the distance. The fog is dense, obscuring the road ahead and the surrounding trees. The text is overlaid on the upper half of the image.

Set the headlights  
on low beam,  
and **LISTEN** for the  
traffic that cant be  
seen.

**Drive safe  
around  
fog**
