

100 School MCA Comparison for Buffalo High School School Years 2006-08

A comparison of the BHS 10th and 11th Grade MCA scores was done across 100 similar schools in the state. A subjective but consistent method was used in determining which 100 districts were to be used in the evaluation.

		2008	2007	2006
MATH	BHS rank	43	39	25
	BHS score	1144.5	1144.6	1145.26
	Statewide score	1141.1	1140.2	1138.87

READING	BHS rank	73	25	30
	BHS score	1055.7	1057.2	1057.30
	Statewide score	1055.8	1052.6	1053.82

The largest 100 grade levels in the state were used for each test. This list excluded particular districts whose demographics in race, poverty, and special education and English proficiency status were drastically different from Buffalo's. These districts were: Minneapolis, St. Paul, Columbia Heights, Brooklyn Center, Richfield, and Worthington.
