Resources

Airgas is the nation's leading single-source supplier of gases. Their custom and robust supply chain solutions are built to suit the needs of E&I members. With a dedication to education and research, Airgas's Total Access program also supports members who are small colleges, technical schools without welding programs, and K-12 institutions who are spending below \$5,000 annually.

## Contract Highlights

- Price protection: no minimum increase allowed; capped annual increase
- Rebate growth: year-over-year
- Comprehensive portfolio of products, including core specialty lab pure gases and gas mixtures, cylinders, process chemicals, dry ice, carbon dioxide, rare gases, and more
- Lab design services, including custom gas delivery systems
- Turnkey cryogenic solutions for life sciences research
- Feedback: Personal cold chain logistics program
- AERO emergency response services
- On-site gas and inventory management technician
- Online ordering and account management, as well as customized eBusiness solutions
- Gas and inventory management solutions (EZ-GAZ™ monitors cylinder pressure and alerts when they're low)

## Sustainability

Airgas aims to minimize their impact on the environment and maximize their involvement in the community. Read the [Airgas Sustainability and Corporate Responsibility commitment](#).
