Superintendent Gina Butters

FROM: Jennifer Warren
Student Services Director

DATE: July 29, 2024

SUBJECT: Request to Consult with Utah State University

The Student Services Department is requesting to participate in consultation with Utah State University. In previous years, USU has provided support for K-12 special education students exhibiting behavioral challenges through training and programming support for our district behavior team and other school personnel. Our district behavior team has evolved and expanded to support all PS-12 students. We would like the opportunity to resume this collaboration for the 2024-2025 school year in order to better meet the needs of the students in Weber School District. USU will provide training and coaching sessions for both certified and classified personnel on the district behavior team in identified areas of need. For the collaboration, consultation, and expansion through USU, we are requesting approval to pay \$24,604. Thank you for your support of our students and those supporting students to increase their skills.
