

SUPPLEMENTARY INSTRUCTIONAL MATERIALS**BP 6161.11**

Teachers may use supplementary materials which are relevant to curriculum objectives and appropriate for students' ages and abilities. By using such materials, teachers can introduce content and instructional strategies that enrich the curriculum, enhance learning, help students make critical judgments, and stimulate their intellectual growth.

When selecting supplementary materials for classroom use, teachers should carefully review them and provide appropriate introductory and follow-up activities. Supplementary materials should not supplant the use of basic texts or teaching activities. Films must be used within legal copyright limits.

(cf. 6162.6 - Use of Copyrighted Materials)

The Superintendent or designee shall establish a prescreening process to be used when a teacher desires to show a film not previously approved by the district or state for educational purposes. The film may be used if found educationally suitable when so previewed. Before showing any film not previously approved, the teacher shall notify parents/guardians that the film will be shown. Students who do not receive parental permission to view the film shall be excused to an alternative supervised activity.
