PRESENTATION

TITLE: SAMR Model School Expansion to K-2

DATE: September 22, 2025

RESPONSIBLE ADMINISTRATOR: Dr. Kellie Minton
Assistant Superintendent of Curriculum and Instruction

Dr. Lori Yates
Director of Information Systems

BACKGROUND/CONSIDERATIONS:

One of our goals this year was to expand the model pilot school at Tilles Elementary from grades 3-5 to include K-2. Our district chose to use the Substitution, Augmentation, Modification, and Redefinition (SAMR) Model along with other resources to create training modules, a coaching schedule, and a walk-through observation tool in an effort to train and support our teachers in the use of best practices for technology integration into our curriculum and instruction. The [attached presentation](#) will highlight the progress of the implementation and supporting data. We also developed and are sharing a [K-5 tech skills timeline](#) with you.

RECOMMENDATION:

This is a presentation only. No action is required.
