

***Killeen Independent School District  
Board Agenda Item Action Sheet***

**Date:** November 18, 2025

**Agenda Item Caption:** Consideration of Killeen ISD Charter Authorizer Mission and Vision Statements

**Purpose of Agenda Item:** Action needed

**Administrative Recommendation:** Move to approve Killeen Charter Authorizer Mission and Vision Statements, as presented

**Background Information:**

Charter school authorizing is a strategy for expanding high-quality public education options and improving student outcomes across the district. When implemented well, authorizing allows districts to create and oversee excellent schools that meet diverse community needs while maintaining strong accountability.

As a charter authorizer, Killeen ISD must establish clear mission and vision statements that guide its authorizing work. These statements are distinct from yet aligned with the district's overall mission, vision, and strategic plan and reflect the purposes of Texas charter schools as outlined by law (TEC §12.001).

The mission statement defines the district's objectives and approach to authorizing quality schools, while the vision statement describes the desired future impact of these efforts, ensuring access to excellent schools that meet the needs of all students.

The Texas Partnership (SB 1882) Benefits Application requires districts to articulate these mission and vision statements to demonstrate alignment with the state's charter statute. To prepare for future partnership opportunities, the board will engage in discussion and adopt these guiding statements.
