Attention: Accounts Payable  
Dear Sir or Madam:

Thank you for your partnership with Lexia Learning over the years. Our programs—Lexia Reading Core5®, Lexia RAPID Assessment™ and now Lexia PowerUp Literacy™ —help students become proficient readers while providing educators with real-time actionable data to differentiate instruction.

I am writing to inform you that your licenses are due to expire on 9/30/2019. For budgeting and planning purposes, I have attached a pro-forma invoice for the renewal of your account. To renew, please fax a P.O. to the number on the invoice and/or send a check to the address listed. If you have end of year funds available, you have the option to renew early and we will automatically extend your subscription.

Would you be interested in discussing additional renewal options, such as changing your license period and/or adding licenses or training to improve your savings and maximize your investment?

We offer significant multi-year discounts, should you wish to purchase for more than one year. And we have additional licensing options if you want to expand the group of students using the program to target additional grades or even the whole school.

Please note, to maximize student impact we also offer a year-long Implementation Support Package, which includes:

- An Implementation Manager assigned to support your account
- Full day of on-site professional learning for your staff
- Additional web-based training throughout the year
- Data review meetings 3x per year with school or district leadership teams
- End-of-year maintenance, student scheduling, and best practice suggestion

If any of the above options are of interest to you, please let me know so we can explore further. Thanks again for allowing us to support your educators and students.

Sincerely,

Whitney Young
