### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The Nueces County Hospital District ("District") participates in certain federally-approved statewide Medicaid programs sponsored by the Texas Health and Human Services Commission ("HHSC"), including the Medicaid Texas Health Care Transformation and Quality Improvement Program 1115 Waiver issued under Section 1115, Social Security Act (42 U.S.C. 1315) in December 2011 ("Waiver"). The Waiver is predicated on the availability of intergovernmental transfers to the state for use as the nonfederal share of Waiver payments.

Current state law applicable only to the District outlines how the District's funds may be used but does not specifically mention or limit the District's use of its funds to provide for intergovernmental transfers in support of the Waiver or other similar Texas Medicaid programs. The District's Board of Managers and the Nueces County Commissioners Court desire to clarify and confirm the powers of the District to participate in and use its funds for intergovernmental transfers for eligible healthcare providers located inside and outside the District's boundaries under the Waiver and for other similar Texas Medicaid programs. The District's statutory authority needs to be clear and unambiguous regarding the use of the District's funds to make intergovernmental transfers under the Waiver and for other similar Texas Medicaid programs. This clarification and confirmation will facilitate the District's ability to carry out its functions under the Waiver for the benefit of citizens and healthcare providers located in the eighteen-county coastal bend region the District serves as anchor under the Waiver program.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

### **SECTION BY SECTION ANALYSIS**

SECTION 1. Amends Section 281.094(b), Health and Safety Code, by adding Subsection (b)(2), to confirm and authorize the board of the Nueces County Hospital District to use funds made available to the district from any source to, in addition to indigent health care, fund intergovernmental transfers from the district to the state for use as the nonfederal share of Medicaid supplemental payment program or waiver program payments for eligible healthcare providers located inside or outside the district's boundaries, including, but not limited to any payments available through a waiver granted under Section 1115, Social Security Act (42 U.S.C. 1315) or other similar payment programs.

SECTION 2. Effective Date: upon passage or September 1, 2013.
