

IX. NEW BUSINESS**Action****Workers' Compensation Insurance Carrier Change****Linda Pannell
Jim Turner**

Mr. Turner and I met with Paul Mize with Ross and Yerger, our local insurance agency and Melinda McElroy with Union Standard Insurance Company to review a possible change in our Workers' Compensation insurance carrier. Although, the service of our current company has been excellent and the premiums very competitive, Union Standard, a superior rated company, has offered a premium that is \$30,178 lower than the quote received from our current carrier, Mississippi Municipal Service Company.

Mr. Turner and I feel that with the savings and their verification that we will receive the same services, it would be beneficial to the district to change our carrier to Union Insurance Company for the period October 1, 2009 thru September 30, 2010.

Mr. Paul Mize will be present at the noon meeting to present this change to the School Board and answer any questions.
