

## **8.2 APPROVAL OF 2026-2027 FEE SCHEDULE**

### **A. SUBJECT**

This item is included on the agenda so the Board can approve fee changes for the 2026-2027 school year allowing adjusted revenue projections to be included in the preparation of the preliminary 2026-2027 budget.

### **B. INFORMATION**

Administration is proposing a 0% increase in general registration fees. As a direct reflection of economic conditions, the District has increased registration fees by 5% per year in the previous two years. We propose not having any increase this year and continue to manage costs as carefully as possible.

Unfortunately, we are unable to provide this in all areas of the District. Administration is proposing a 5% increase in Kids Club fees. Kids Club fees were similarly adjusted for FY 2025. Kids Club continues to be one of the most affordable means of after-school care and is in high demand within the District.

Increases are also proposed for PreK and Special Education tuition rates. The increases are based on calculation of actual costs in FY26.

Lunch fees are scheduled to increase \$.20 per meal. This is less than the allowable \$.40 per review with ISBE. Consistent with fees described above, increased lunch fees reflect the impact of inflation on food and supplies.

Attached are fee schedules illustrating the proposed 2026-2027 increases (highlighted in yellow).

### **C. RECOMMENDATION**

The Superintendent recommends approval of the attached 2026-2027 student fee schedules.

### **D. SUGGESTED MOTION**

Move to approve the 2026-2027 Student Fee schedules as presented.
