- All districts receiving federal funds must adopt the following **No Child Left Behind (NCLB)** goals:
  - Performance Goal 1: By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
  - Performance Goal 2: All limited English proficiency students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
  - Performance Goal 3: All students will be educated in learning environments that are safe, drug-free, and conducive to learning.
  - Performance Goal 4: All students will graduate from high school.

The goals should be reflected in the campus plans, as appropriate.

In addition, districts will also be required to adopt the NCLB performance targets, at a minimum, for the 2007-2008 school year.

Title 1	<b>Evaluation:</b> Student assessment in at least reading and mathematics must be included. This assessment will be the primary means of determining the yearly performance of each campus.  Under NCLB, campuses are required to demonstrate Annual Yearly Progress (AYP), while narrowing the achievement gaps for the campus. Each LEA must review annually the progress of each campus served with Title 1, Part A finds to determine whether the campus is making AYP. If the campus does not meet AYP for two or more consecutive years, the campus will enter School Improvement status under NCLB. (Additional guidance regarding	Comments:	

AYP is expected from USDE and TEA.)		
-------------------------------------	--	--

Notes / Other Considerations:

- The Title 1 Schoolwide Plan should reflect all fund sources combined in the implementation of this plan, e.g., **State Compensatory Education Funds** and other eligible funds.
- If the campus is combining State Compensatory Funds (SB 702), the plan must reflect:
  - The intent to combine the fund sources;
  - The size and scope of the SCE budget; and
  - FTE’s funded from SCE.
 The information may be provided either in the “Resource” column or via a preface or an appendix page.
- Program Coordination – Campus improvement plans should reflect coordinated/integrated professional development activities, e.g., Title II, Part A and Title II, Part D, etc. quality of the work force, and reducing class size should be included in the plan, as appropriate.
- Title IV (Safe and Drug Free Schools) fund expenditures for allowable activities should be noted in the CIP, when appropriate, including progress toward reducing violence and illegal drug use.
- Special Education – Include any of the five (5) areas of CAP, as appropriate. Include strategies/activities for addressing training for SB1196 (Texas Behavior Support Initiative) and SB1727 (support for general education teachers who provide instruction for special education students.)
- SB1 – Include Strategies/activities to address conflict resolution, discipline, and technology training.
