

Minidoka County School District

## **Transportation's Report**

**April 30, 2017**

Well April has come and gone. Wow where does the time go.

We have a new mechanic on board. We would like to welcome Royce Barfuss to our team. Royce is doing a great job, and we are thrilled to have him. We are doing interviews for a fourth mechanic. The state has suggested in the past that we have four due to the fact that we care for a lot of vehicles besides buses in the district.

We are still looking for bus drivers. The mechanics and I have all been driving on some days.

Bus citations were not too bad this month. We did have 16 bus citations this month. They are mostly not staying seated and disrespectful towards the drive and not following the rules.

We celebrated our Employee of the Year, Royce Barfuss . Royce was one of our drivers. When Jerome left he moved up to the mechanic position. He is an amazing employee. Always willing to help in any way he can.

Kay has been very busy keeping all the trips in line and making sure everything runs smoothly. We really appreciate her very much.

Happy Spring. Hopefully the surprise snow storm the other day will not occur again!!!

Alicia Bywater  
Transportation Supervisor
