## School Board Report Craig High School January 2022 Report

### Current Enrollment

9th	10th	11th	12th	Total
23	23	11	13	70

### Curriculum and Instruction

Our first semester ended Thursday, January 13. Though we had transitioned to distance learning, students stayed busy wrapping up final assignments and worked hard to earn grades they could be proud of. A semester one letter and report cards were mailed home Tuesday, January 18.

For semester two, CHS is continuing the tradition of offering a variety of elective courses in order to engage students in their interests and encourage them to try new things. For semester two, this includes welding, drama, yearbook, weightlifting, art, native art, Spanish 1, Spanish II, choir, and band. It was discovered that last year’s freshmen did not take Health. Given that CCSD requires each student to take two Health classes in order to graduate, we have enrolled our current sophomores and freshmen in Health for this year’s second semester. The goal is to create a consistent rotation going forward so that no student enters their junior year lacking a health credit.

### Parent/Teacher Conferences

Parent Teacher Conferences will be held on February 17<sup>th</sup> and 18<sup>th</sup>. Parents will be able to come to classrooms or schedule a conference call with teachers. Masks will be required for parents wishing to visit with teachers in their classrooms.

### 8<sup>th</sup> Grade Transition Workshops

Ms. Reidel is working to schedule an 8<sup>th</sup> grade transition workshop with Ms. Peavey at CMS. Topics to be covered will be attendance, credits, graduation requirements, study skills, and time management.

---

## **Spring Activities**

### **Boys & Girls Basketball & Drumline**

Our spring activities are underway. Basketball and Drumline practices have begun. Mr. Grosenbaugh is coaching our boys team this year and Ms. James is coaching the girls team again. Students are happy to back in the gym and are looking forward to their upcoming games. Mr. Thain has been working closely with ASAA and Region V on the schedule. Unfortunately, due to the current COVID situation in the region, our first several games were cancelled.

### **Gratitude**

- 🍏 Thank you to Daniel Nelson and Trampus Conatser for their tireless efforts getting the heat in the high school operating efficiently and for their hard work with snow removal.
- 🍏 Thank you to the entire CHS team (students and staff) for your resiliency during our transition to distance learning.
