Re: Proposed Updates to Policy FDA(Local)

The suggested revisions to FDA(Local) under admissions grants the District an opportunity to afford non-resident employees that serve the District through employment with Durham Transportation and Aramark for custodial services to bring their children into the District. This privilege would be beneficial to the District by giving these service partners additional incentives to help sustain employees. Sustaining employees creates a familiar environment for our students on buses and on campuses when they interact with these service providers. Staff retention would benefit each organization while bringing in additional revenue to the ISD.

Recommendation:

An appropriate motion for board action on these local policy updates is:

"I move that the board revise policy FDA(LOCAL) as presented."
