

## Athletic Department Update *February 19, 2026*

### **Boys and Girls basketball**

Boys and Girls basketball will conclude their seasons next week.

The Girls Basketball team is currently in fifth place behind Whitehouse, Lufkin, Mt. Pleasant, and Texas High. This marks a significant improvement from last season's eighth-place finish. With a win in their final game against Tyler High, the girls will finish in outright fifth place.

The Boys Basketball team will not advance to the playoffs this season.

### **Boys and Girls Soccer**

The Girls Soccer team is currently tied for second place in district with Whitehouse, holding one loss and one tie in district play. Overall, the team is 4–1 and sits one point ahead of fourth-place Mt. Pleasant. Their lone loss came against first-place Jacksonville, and the tie was against Whitehouse. The girls are playing very well and have exceeded preseason expectations. JV girls soccer is currently undefeated.

The Boys Soccer team is currently in seventh place in a very competitive East Texas soccer district.

### **Softball**

Softball has officially opened the season with a 6–5 loss to Bullard. Expectations are high for this team, and Bullard is a top-five program in Class 4A softball. This was a strong opening game and a valuable early-season test against high-level competition.

### **Baseball**

Baseball is positioned for another strong season and is facing a very challenging preseason schedule. All four scrimmages are against ranked opponents, along with a highly competitive slate of tournaments. Preseason expectations have the Bobcats in a solid position to compete, and the demanding schedule should prepare them well for district play.

*February 19, 2026*

**Powerlifting**

Powerlifting is in full swing and is having a strong season under the leadership of Coach Green. Hallsville will host the annual Powerlifting Invitational this week. The program has experienced significant success over the past two years with both the men's and women's teams and will look to continue that momentum with a strong performance at the regional meet.
