Re: Waiver Approval for a Modified Schedule for State Testing

Board approval is needed to submit a waiver to TEA for a late arrival day on Wednesday, May 3, 2017, at Coppell High School. On May 3rd, the following learners are being tested:

- STAAR U.S. History EOC
- STAAR Biology EOC
- AP English Literature
- IB Biology

A late arrival will allow CHS to optimize facility and staff resources to test over 1800 learners simultaneously and to make the testing environment less disruptive for those testing.

Start time for those arriving late will be 11:20 AM and impacts:

- All Freshman not scheduled to take the STAAR Biology EOC
- All Sophomores not retesting or taking an AP exam
- Seniors not scheduled to take any of the above exams

Thank you,
Susie Williams
