

Our vision is to be the best school district in Mississippi and one of the top ten in the nation. The New Year brings a time of reflection and new beginnings. This is the time of year we begin planning for the 2008-2009 school year. We reflect on what's working and what isn't. Collecting and reviewing data identify areas in need of improvement. We value your opinion and all that you do to support our school district. We will use your suggestions as we evaluate our strategic plan and make adjustments to continue the tradition of excellence in our schools.
