

April 22, 2021

Harlem School District 122  
Att: Mike Chandler  
820 Roosevelt Road  
Machesney Park, IL 61115

Mike,

Thank you for the opportunity to provide you with this proposal for Harlem School District 122. The boilers and cooling towers you have installed is a large investment and with proper water treatment it will remain efficient, efficient and protected. Monitoring solids and proper chemical levels are critical for this to achieve this for your systems. We will provide testing on the boilers and cooling towers being treated. We will train in house personnel on testing procedures and corrective measures to be taken on chemical treatment levels. We will provide a logbook to provide proper record keeping of the water treatment program.

**Chemical Treatment for Hot Water Loop Heating Systems, Chilled Water Systems and Cooling Towers**

Includes: Water Treatment: Chemicals for Corrosion Control for the Closed Loop systems. Chemicals for Corrosion Control and Biocides for the cooling tower systems. Chemical Test Kits. Water analysis will be performed annually for the closed loop systems and on a as needed basis. Contract does not include replacing Glycol if needed.

Contract shall be for 1 year: May 1,2021 through April 30,2022

Quote \$1597.00 per quarter

Quoted prices firm for 30 Days from the date of this proposal after which it is subject to change.
