Student Contacts this month include:

- Contact with student that might require or lead to follow up issues
- Discussion/Education on Behavior and how it could apply within the law.
- Warnings, Citations or Arrests

Activities:

Coming back from Christmas break and through January made a good month and a good start of the year.

For the month of January it has been a continued effort with safety procedures and protocols. At Minico High school, Mr. Aston and I conducted training to the staff on the Standard Response Protocol, the concept of Hall Check and practices to better secure the facilities. Also at the High School, I have been doing research into the possibility of a parking permit program to further the efforts of security and safety around the school.

Safety and security is very much a continual thought across the minds of staff working or individuals who are a part of the district. Many of the safety teams that I attend within the district are continuously assessing their practices and site security measures to ensure safer schools.

Presentations or Training:

- Training to Minico High School on Standard Response Protocol
- Two presentations to East Minico Classes on Sex Respect and Digital Security.

Other Activities:

I worked with personnel in the district in preparation to attend training at the Prevention Conference and Idaho Threat Assessment Conference.
