

**GOVERNING BOARD AGENDA ITEM  
AMPHITHEATER UNIFIED SCHOOL DISTRICT NO. 10**

---

**DATE OF MEETING:** January 25, 2022

**TITLE:** Approval of the Summer Institute 2022 Teacher Stipends

---

**BACKGROUND:**

We once again have the opportunity to offer stipends to teachers and in-house trainers for attending or preparing training sessions offered during the summer of 2022. ESSER III and Title II monies allocated for professional development efforts would be used for this purpose.

**We propose the approval of the same three types of stipends/addendums as were approved in 2019 and 2020 for the summer of 2022 and 2023:**

**New teacher “Building Outstanding Organized Teachers (BOOST)” training addendum:** \$150.00 per 6-hour training day for teachers new to the profession and for those teachers who have been out of the profession for five or more years. Teachers hired for the 2022-2023 school year who are new to the profession would attend a three-day intensive training preparing them for the first weeks of school. The training will be scheduled during July of 2022.

**Teacher Training Stipend:** \$175.00 per 6-hour training day for returning teachers who have signed contracts for the 2022-2023 school year. The training session information would clearly indicate the target audience for the training and whether or not the training session attendees are eligible for the stipend. Teachers fitting this audience profile would be eligible for a stipend (e.g., third grade teachers responsible for reading instruction, sixth grade teachers responsible for science instruction, etc.).

**Trainer Stipend:** \$500 per six-hour training day (inclusive of any preparation time prior to the workshop). We have a number of employees who are highly skilled in the focus areas of the training we need to provide. We would like to provide a stipend to our own employees to serve as trainers rather than hiring outside consultants when possible.

The stipends for training would be available while ESSER III and Title II monies are available. At present, we have some fund available to support training stipends until the summer of 2023.

---

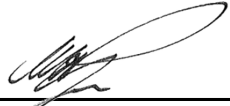

**RECOMMENDATION:**

The administration recommends that the Governing Board approve the Summer Institute Stipends for 2022 detailed in the above background information.
