

CONSIDERATION OF APPROVAL OF THE 2019-2020 SCHOOL CALENDAR

Action Item:

The proposed calendar is ready to be recommended for consideration. Several variations of the calendar were considered by the Site Based Decision Making Committee over the past couple of months. SBDM meetings were held so that all the different versions could be discussed. Input was also gathered from the staff at all campuses. Dr. Phillips should be present at the meeting to help explain the calendar and answer any questions you may have.

Recommendation:

I recommend approval of the 2019-20 school calendar, as presented.
