

West Orange-Cove CISD-Head Start

06CH5405

Long Range Goals

- Our program goal is to provide rich experiences to facilitate school readiness for all of our students with an emphasis on the whole child – physical, social, emotional, and cognitive – providing support and training to those who effect the child’s development.
- We strive to provide opportunities for children to engage in experiences that arouse curiosity and creativity that will be used to improve their lives for the benefit of society.
- Provide assistance and encouragement for families to engage in their child’s education through parent training, regular attendance at school, engaging in classroom and school activities, involvement in community activities, and through program committee membership.
- Establish agreements with advocacy groups, social service and educational agencies, to acquaint families with greater opportunities for participation and employment in the community and as partners with the staff, schools, and other parents in the community.

Short Term Objectives

- Enhance children’s growth and development to ensure school readiness.
- Strengthen families as the primary nurturers and teachers of their children.
- Provide children with educational, health, mental health, and nutritional services.
- Link children and families to needed community services.
- Ensure the continuation of well-managed programs that involve parents in decision-making.
