### **SUMMARY**

The secondary teacher workday for report cards at the end of the first quarter is currently on Friday, November 1st. When we made the decision to not have students in school on Tuesday, November 5th we did not realize that we are creating a situation where we may not have great attendance on Monday, November 4th. We created an opportunity for a 5 day weekend. We are requesting that we move the teacher workday from Friday, November 1st to Monday, November 4th.

### **Superintendent Recommendation:**

The superintendent recommends that we approve this request.
