District Board Talking Points April 2018

Greetings! We are sharing three April events in the region:

Local Service Plan Passage We are pleased to announce the unanimous approval of the 2018-19 IMESD Local Service Plan. Our board and staff appreciate this demonstrated support from our 18 districts. Together, we are creating truly special programs for our students from birth to college.

School Security Event On April 13, Morrow School District will host a comprehensive emergency drill at Riverside High School. The drill will begin at 9:00 AM, in which school personnel will role-play on a day with no students. Participants include Morrow County SD, IMESD, OSP, sheriff departments, and police departments. The majority of our schools will send staff to observe.

Student Success Committee Visitation Educational leaders from the Oregon State Legislature will visit our region on April 24 and 25. The state "Student Success Committee" is touring Oregon to meet with students, staff, and community members. The April 24 date will feature events in Baker; April 25 will be in Hermiston. The committee will observe various programs and initiatives in the schools. There will be opportunities for Round Table meetings with selected individuals, as well as a community forum.
