

Beeville ISD
BOARD OF TRUSTEES

Date: August 16, 2018 Presented By: Dr. Puig
Subject: Amend Strategic Plan to Include
School Safety as a Priority Area Related Page(s) _____

Action

BACKGROUND INFORMATION:

Our number one priority is to return students to their parents physically and emotionally safe and secure at the end of each school day. Amid the rash of recent tragic events, including school shootings and potential imitation threats, BISD is compelled to take ownership of school safety by directly planning and controlling all aspects of district security.

Accordingly, we must continue forward with our strategic planning efforts including necessary improvements in the area of school safety. As such, the administration respectfully requests an amendment to the strategic plan identifying *school safety* as a priority area.

RECOMMENDATION:

Approval

BOARD ACTION REQUIRED:

I move the Board approve to amend the Strategic Plan to include school safety as a priority area.
