## **BACKGROUND:**

The Texas Association of School Board (TASB) designates each January as School Board Recognition Month to build awareness and understanding of the vital role an elected board of trustees plays in the community.

School board members spend countless hours preparing for and participating in meetings. They also devote a great deal of time to studying education issues and laws. On a regular basis, they attend campus as well as district events. School board members provide local citizens a voice in educational decision-making.

Brownsville ISD joins public school districts across the state in honoring local board members for their commitment and its children. BISD recognizes the board members' dedication to our students, schools, and personnel.

Dr. Jesus H. Chavez will present certificates of recognition to each school board member. Also, district and campus administrators will thank board members for their dedicated leadership and service.
