Use of Physical Force

Physical Restraint/Seclusion

The Board of Education (Board) believes that maintaining an orderly, safe environment is conducive to learning and is an appropriate expectation of all staff members within the district. To the extent that staff actions comply with all applicable statutes and Board policy governing the use of physical force, including physical restraint of students and seclusion of students, staff members will have the full support of the Board of Education in their efforts to maintain a safe environment.

The Board recognizes that there are times when it becomes necessary for staff to use reasonable restraint or place a student in seclusion as an emergency intervention to protect a student from harming himself/herself or to protect others from harm. (*Alternative language: "to use reasonable restraint or place a student in seclusion to provide a safe environment for students."*)
