Our 1/6/25 SJE Professional Development Day was very successful!

This year, our PD day was focused on planning and preparing for student SEL (social emotional learning). We had a guest speaker, Faith Torres, speak to our staff about setting up areas within the classroom to allow students to reset, calm, or take a break to help them deal with their emotions appropriately. Each team left with an action plan of how they would implement this strategy within their classroom.

Second Baptist Church provided our staff with a Breakfast Bash on 1/7/25. We are so fortunate to have this partnership with Second Baptist. They fed us a delicious breakfast with hot or cold coffee, and over 20 gift cards that we raffled for our teachers!

THANK YOU!

Scott Johnson Elementary's original mural has been relocated to the NEW SJE!!! We are very proud to see it displayed in a prominent location on our new campus, and it makes our move complete.
