*"I love having caring adults
by my side. Mentors Care
has taught me how to open
up about things going on in
my life and how to ask for
help when I hit a rough
patch."*

FERRIS HIGH SCHOOL

COORDINATOR

"Mentors Care doesn't wait to love the students after they have changed, we love them while they are changing. From this realization, students start investing in their life and academic goals, becoming inspired to change their narratives and outlooks on their future."
