

BOARD MEETING DATE
September 24, 2012

Learning Teams

Principals are meeting with staff throughout September to provide them with a common understanding of Learning Teams and the intended use of collaboration time. In early October, BEA will gather information from members to determine whether to engage in a Memorandum of Understanding with the District. If agreement is reached and a schedule is agreed upon, principals will conduct community conversations at their schools in late October, early November to explain the need for collaboration time and to address how this will benefit their students and enhance classroom instruction across all levels. The Board will make the final decision in November.
