

Mrs. O'Bryant's 3rd Grade Class

Georgia O'Keeffe (1887-1986) was born in Wisconsin, raised in Virginia and schooled in Chicago and New York, but she is generally associated with the American southwest, particularly New Mexico. She was one of the most celebrated women artists of the 20th century. She is known for her botanical art as well as her desert landscapes. The third grade classes learned about Georgia's art and recreated it using their own imagination!

4th Grade

Fourth graders completed some amazing learning projects for our study of westward expansion and the Oregon Trail. Some students made costumes, maps, researched gold and local history, and made replicas of covered wagons and old western towns. All of the fourth grade teachers are proud of their efforts.

Child Find for Special Education

Public Law 105.17, known as the Individuals with Disabilities Education Act (IDEA), requires that school districts provide a free and appropriate education to all disabled children and young adults from birth through 21 years of age. The Three Rivers School District requests assistance with the identification of any disabled children ages Birth through 21 who are not enrolled or currently being served in one of the District's schools.

If you know of any disabled children ages 0 through 21, who are not receiving education services, please call the Three Rivers School District Special Education Department at 541-862-3111 x 5202.
