Lion Track Season

We took a big step in building our boys' track program after following a shortened Covid track season last year. We had 23 boys compete on the Varsity level at the District track meet, and had 32 boys compete on the Junior Varsity level at District. We also had 11 seniors finish their high school athletic careers on our track team. We saw other numerous athletes compete in track meets throughout the year as well when we had open spots available. We very seldom had events that were not filled at each of our 7 track meets that we attended.

Our Varsity was able to win one of the 7 track meets that we attended. We won the Lampasas track meet championship. We also finished 3rd at the District meet in a very close race for the championship.

We feel that with the many successes of our JV track team this past year, and the fact that we had 3 freshmen and 5 sophomores compete in post district track meets; our track program is set for a bright future. Also, the sprint program that all of our athletes go through, will help pave the way for faster athletes which will allow us to be more competitive in every sport. I could not have been more pleased after watching all of our kids buy in to being the best and fastest that we could be.

The Varsity Volleyball team had a final Roster of 12 athletes, 4 of which were valuable seniors and were outstanding representations of our program. They earned a record of 12-9 and were bi-district champions. They lost Area to Decatur who went on to win the State Title. The Lady Lion Volleyball team took 2nd place in District, Bi-District champions, and competed in Area in playoffs.
