Re: High School Principal Report March 2026

Greetings from HHS!

It is hard to believe we are closing in on the end of the 3rd quarter here at HHS. We have our final parent teacher conferences of the school year coming up on March 12th. March 16th marks the start of the 4th and final quarter for the High School, followed by Spring Break March 23-27.

Juniors will be participating in the SAT assessment on March 11th followed by the ISAT assessment in early April. Once again these are high-stakes and important benchmarks for our Juniors, and we are intentionally supporting them through focused in-class preparation, skill practice, and targeted Tier time using Exact Path to address individual learning needs.

Many Seniors continue to complete final college applications, scholarships, and graduation requirements as they prepare for their transition into life after high school. With graduation only months away, conversations about “what’s next” are becoming more frequent, bringing both excitement and nerves as students prepare for this major milestone.

This month our PBIS theme shifts to Safe here at HHS. As we want for all of our students to understand the importance of being safe in all they do while here at school and in their personal lives as well. We appreciate your continued support as we work to prepare every student for success—academically, socially, and beyond high school. As always we are truly blessed to be here and to be a part of HHS!

Matt Holtry

Teacher Corner- Our FFA/Ag Team- Mrs Rheuby and Mrs Hille

As we recently celebrated FFA Week, we felt it was the perfect time to shine a spotlight on two incredible leaders who pour their hearts into our students each and every day—Mrs. Rheuby and Mrs. Hille.

Behind every successful FFA experience is a tremendous amount of dedication, preparation, and passion. Mrs. Rheuby and Mrs. Hille work tirelessly to ensure our students not only succeed in FFA, but grow into confident, capable young leaders. From early mornings to late evenings, their commitment to our program and our kids never goes unnoticed.

One of the most impactful parts of our FFA program is the constant work our students put into their Supervised Agricultural Experiences (SAEs). Mrs. Rheuby and Mrs. Hille spend countless hours guiding students through planning, record-keeping, goal setting, and skill development. Through these SAEs, students gain real-world, hands-on experience that builds responsibility, work ethic, and career readiness—skills that will serve them well far beyond high school.

In addition to SAE support, they dedicate significant time to preparing teams for competitions. Whether coaching speaking events, judging teams, or hands-on career development events, they invest in each team's growth and confidence. Their guidance prepares students not just to compete, but to represent our school with pride and professionalism.

Their leadership also shines during District LDEs, where students put their communication and leadership skills to the test. The preparation behind these events is no small task, and Mrs. Rheuby and Mrs. Hille ensure that every participant feels prepared, supported, and encouraged.

FFA Week itself was a celebration of everything this organization stands for. Our FFA members spent the week learning, sharing, and proudly representing the program by visiting other schools and spreading their love for FFA. That enthusiasm and leadership reflect the example set daily by Mrs. Rheuby and Mrs. Hille.

We are incredibly grateful for our FFA leaders and for all of our students who choose to participate, grow, and challenge themselves through their FFA experience. Because of the dedication of Mrs. Rheuby and Mrs. Hille, our students are not only learning agricultural knowledge—they are developing life skills, career skills, and leadership abilities that will shape their futures in meaningful ways.

Enrollment- 3-2-26

Freshman- 90	92.9%
Sophomores- 96	91.1%
Juniors- 94	93.5%
Seniors- 102	95.75%
Total 382	93.29%
