The Technology Department is requesting approval to make our annual purchase of new HP G10 Chromebooks for our 2nd and 6th Grade students. Due to supply constraints, we will need to order as soon as possible.

#### Background or historical information:

Purchases are made each year to ensure students have supported and reliable devices for 1:1 learning. Proven vendor AllCovered (Konica Minolta) offered an aggressive price [quote](#). Pricing also includes the required Google licensing. Last year we switched to HP G10 models and experienced much lower repair requests from previous models. The devices will be purchased using the 25-26 allocated Technology Department budget.

#### Previous decisions, actions or parameters that relate to this topic or issue: (Options) 3 options

- Purchase the HP Fortis 11 G10 Chromebooks
- Find a different model at a lower possible price.
- Try to extend the life of the units we have

#### Recommendations: (Recommendations) and (Evaluate)

We are recommending the purchase of 700 HP G10 Chromebooks.
