Arkansas Department of Education:

I would like to share my support for Haas Hall Academy coming to Fort Smith, Arkansas. Haas Hall's approach to education is second to none. An institution of this caliber in Fort Smith would create positive momentum among some of our city's youngest residents.

An academic location at the ACHE Research Institute Health and Wellness Center would create a perfect combination of two educational institutions working to better our city and state. Fort Smith has grown to become a place people want to build their careers and raise their families. With Haas Hall's rigorous curriculum, the young people of Sebastian County will have an opportunity to further that growth at an accelerated pace.

I hope the Arkansas Department of Education will see how positively the addition of Haas Hall Academy would impact Fort Smith, the region, and the state.

Sincerely,

David Hudson
