Spring 2022 MCA Results

17 total combined MCA's across the subjects of Math, Reading and Science spanning grades 3-11

47% (= 8 out of 17) Our Badger grade levels performed above their age groups'
MN State Average

24% (= 4 out of 17) Our Badger grade levels performed within 1 student of their age groups'
MN State Average

6% (= 1 out of 17) Our Badger grade levels were no more than 2 students away of their age
groups' MN State Average

12% (= 2 out of 17) Our Badger grade levels were no more than 2.1 students away of their age
groups' MN State Average

12% (= 2 out of 17) Achievement Gap and/or Discrepancy?

Please keep in mind the 'law of averages' does skew percentages in smaller subgroups populations
for testing.

We are very proud that 71% (= 47% above + 24% near) of our Badger grade levels were above or near their corresponding age group's MN State Average

Spring 2021 MCA Results

17 total combined MCA's across the subjects of Math, Reading and Science spanning grades 3-11

58% (= 10 out of 17)   Our Badger grade levels performed above their age groups'
MN State Average

18%(= 3 out of 17) Our Badger grade levels performed within 1 student of their age groups'
MN State Average

24% (= 4 out of 17) Our Badger grade levels were no more than 2 students away of their age
groups' MN State Average

Please keep in mind the 'law of averages' does skew percentages in smaller subgroups populations
for testing.

We are very proud that 76% (= 58% above + 18% near) of our Badger grade levels were above or
near their corresponding age group's MN State Average
