I am requesting to be placed on the finance agenda to seek bids to replace vehicle #41 vehicle with a newer transport van. I would like to decommission vehicle #41, the 2012 Ford transport van and request to put it for sale on a web site that goes out to Sheriff's Office in the state in hopes of selling it as it sits with a cage, lettered, and lights.

On Kelly Blue Book the fair market value is \$12,176 - \$14,966 plus equipment.

If it goes out for public bid this vehicle would have to be stripped down.
