

Aztec Municipal School District Field Trip Request

The Boys HS Soccer Team respectfully requests permission to travel to an RSL Major League Soccer Game in Sandy, Utah.

Points to Consider Before Requesting Approval

- ☐ Appropriate for the age level, grade level, and curriculum?
- ☐ All district employees will travel on the bus unless prior approval by the Principal?
- ☐ Request made long enough in advance so that arrangements can be made prior to the trip?
- ☐ Written permission must be obtained from the parents or legal guardians?
- ☐ Have these students attended this trip or a similar trip in the past three years?

Justification for Trip – How does this trip align with your school's current 90 Day Plan, the learning standards in your classroom, and how it will improve the learning of your students?

Type or attach narrative: We plan to make this both a team building event and a learning opportunity. We are working on a style of play that emphasizes passing, working as a team, and creating opportunities. This would be reflected by the Real Salt Lake professional team. The style of play used in this area and throughout NM, is one of rushing the ball, aggressive play, through balls, and speed. With our lack of players, this different style will benefit our team. The players will be required to keep stats on players that play in their positions during the game. At practice, this will be discussed and implemented.

FIELD TRIPS

Field trips must be planned within the context of the school program and must be appropriate for the age level, grade level, and curriculum. Due to limitations imposed by local conditions, field trips may be limited by the Superintendent. All field trips must be specifically approved by the Superintendent long enough in advance so that arrangements can be made prior to the trip. Before any student is taken from the school grounds on a field trip, written permission must be obtained from the parents or legal guardians. Transportation shall be provided only by District vehicles, driven by authorized personnel.

In general, field trips shall be conducted within the normal school day and shall be limited to a distance of not more than one hundred (100) miles one (1) way from the school. Longer trips or overnight trips must have Board approval. The District will not sponsor, approve, support, or encourage field trips that do not meet the criteria outlined in this policy, unless the Board gives approval after a presentation justifying the specific need for the exception.
