

## **Resolution of Student Disciplinary Matter**

“I move that based upon the evidence heard in closed session and the Building Administration’s recommendation, that the student, Student 20193/20194, as discussed in closed session and identified in the closed session minutes of tonight’s meeting, have the suspension (choose one):

- upheld
- shortened
- reversed and expunged from the student’s record

I also move that the Superintendent provide written notice to the student’s parents of the action taken and the reasons for the Board’s action consistent with deliberations at this evening’s closed session.” (*Roll Call Vote*)
