

RESOLUTION

Acceptance of Grant Awards to Duluth Public Schools

WHEREAS, Minnesota Statute 465.03 requires a school district to accept grants by resolution expressed in the terms prescribed by the donor in full; and,

WHEREAS, acceptance of the grant in accordance with the donor's terms is in the best interest of the Duluth Public Schools:

NOW, THEREFORE, BE IT RESOLVED that the Duluth Public Schools does accept the below-described grant from said organization in accordance with the terms set forth herein.

BE IT FURTHER RESOLVED that the Duluth Public Schools wishes to extend its grateful appreciation to this organization.

Organization	Authors or Contacts	School	Award Amount	Terms
Duluth Community Education isd709	Annemarie Schilling/Jeremy Rupp	Community Education, Duluth Public Schools	\$260,610.00	<p>The Safe Routes to School Coordinator position will be housed under Independent School District 709's Community Education Department.</p> <p>Jeremy Rupp, the District Community Education Coordinator, will supervise the role.</p> <p>The SRTS Coordinator position falls under the DWIAA contract at class IIB, step 5. Lloyd K Johnson Foundation	Jim Erickson/Aaron Crowell	Laura MacArthur Elementary School	\$15,000	We are seeking to build a shed on the Laura MacArthur Elementary School field in order to let children use highly-engaging outdoor play and learning materials. In

				<p>addition to storing winter recreational equipment like cross-country skis and kick sleds, the Duluth Family Area YMCA will partner with the school to provide child-friendly ladders, mats, and other loose parts for creative, cooperative, and physically-active play during out-of-school time programming and physical education classes. A shed is key to access the materials and equipment efficiently, train additional teachers and Y staff, and help more children benefit from outdoor play and learning at Laura MacArthur. Our draft line-item budget is \$7,000 for the shed, \$3,000 for new kick sleds for winter programming, and \$5,000 for fence alterations (necessary because of the City's requirements for the shed location). One KEY Zone staff member reflected on the potential of creating more opportunities with high-quality loose parts at Laura MacArthur: "The children would create whatever they wanted to create. Sometimes that would be forts, buildings, or play some sort of game or obstacle course. I think they really like the materials because they're so different from what we were able to get in the classroom.</p>
