

PROPOSED REVISIONS 7.19.21

Vision

Together, we empower students.

Mission Statement

A community dedicated to equipping and empowering students for a lifetime of success.

Beliefs

In Era ISD, we believe:

- Students are at the center of our work and will be instructed in a way that maintains the flexibility to engage in a variety of programs, and with that freedom, the students shall accept the responsibility of maintaining the integrity of Era ISD.
- Parents and families should be the greatest advocates for their children, flexible, involved, encouraging, and seek to partner with, and support our teachers as an investment in the future success of our students.
- Faculty and staff are respected role models in our community who challenge themselves and our students to be continual learners in a way that supports them in and out of the classroom to equip our children for success in life.
- Campus leaders are trustworthy, committed and invested in our students and community, and hold themselves and others accountable in a way that inspires and empowers.
- The Superintendent and central office staff are servant leaders who demonstrate integrity, transparency, and open communication in a way that values diversity and directs resources towards the overall mission while maintaining accountability to all stakeholders.
- The school Board members are trusted leaders with integrity who are actively involved in the community while providing checks and balances, adherences to the chain of command, strong financial stewardship and always acting in the best interest of Era ISD students.

~~The District exists because of the students, and therefore, our thoughts, our activities, and our endeavors are centered toward the general welfare of the child. The policy of this school is to develop the youth of this school district physically, mentally, morally, and emotionally to meet the needs of a dynamic, changing world. The curriculum provides opportunities for the development of understanding, skills, and attitudes. The administration and faculty believe that all students enrolled in the District can and will learn, and that school does make a difference in each child's life.~~
