

Dominican University Partnership

School district 89 and Dominican University through collaboration and planning are requesting to renew their partnership to offer opportunities for students.

These opportunities will be offered through Dominican University's Department of Education and Community-Based Learning Programs.

The partnership experiences could include:

- **Before and after-school enrichment programs, which might include: foreign language, art, drama, creative writing, science, math and social studies**
- **Tutors or practicum students working in conjunction with classroom teachers**
- **Professional development opportunities at the University level**
- **Invitations to events or special programs offered through Dominican**
- **Opportunities to qualify and participate in grants and partnership through the IL Campus Compact Association**
- **Occasions to participate in the Butler Center Children's Literature Library and resources through the Kinship Project**

The partnership will begin in September 2013 and continue through June 2013.

**Regina Rivers
President, Board of Education
School District 89**

**Dominican University Representative
