

**Clackamas ESD Local Service Plan**

**Purpose:** Action Recommended

**Background:** Clackamas ESD presented their local service plan and annual report at the January 22 work session. A presentation to each district board of directors and a request for approval is required by the State of Oregon. On January 22, there was consensus to postpone the approval until the February 12, 2026 business meeting in order to review the plan and report.

**Possible language for a motion:**

"I move the Board approve the Clackamas ESD local service plan and annual report as presented on January 22, 2026."

Respectfully Submitted by:
