5706 *Opioid Antagonist*

The Board has determined that it is in the best interests of its students and employees to have opioid antagonists available to be administered, if necessary, by appropriately trained personnel. Therefore, the Board adopts this policy to govern the handling and administration of opioid antagonists consistent with the following processes, procedures and limitations.

District shall purchase opioid antagonists and distribute the opioid antagonists to an employee or agent of the District who has been trained in the administration of that opioid antagonist. An opioid antagonist is naloxone hydrochloride or any other similarly acting and equally safe drug approved by the U.S. Food and Drug Administration for the treatment of drug overdose.

A District employee or agent may possess an opioid antagonist distributed to that employee or agent and may administer that opioid antagonist to an individual only if both of the following apply:

- A. The employee or agent has been trained in the proper administration of that opioid antagonist.
- B. The employee or agent has reason to believe that the individual is experiencing an opioid-related overdose.

Each school in the District shall possess at least one (1) package of an opioid antagonist on site. The opioid antagonist may be administered by a trained school employee or agent to a student or other individual on school grounds who is believed to be having an opioid-related overdose.

The principal and/or building secretary, who shall be responsible for promptly notifying the student's parent/guardian that an injection has been administered.

The person who notifies the student's parent/guardian must encourage the parent or guardian to seek treatment for the student from a substance use disorder services program.

It shall be the responsibility of the District nurse to be sure that the supply of opioid antagonists is maintained at the appropriate level and they have not expired. The District nurse shall also be responsible for coordinating the training of District employees to administer the opioid antagonists and to maintain the list of employees authorized to administer the antagonists.

The District's training regarding, administration of, and the maintenance and storage of opioid antagonists shall be consistent with PO 5330, AG 5330 and the Michigan Department of Education's medication administration guidelines, as amended.

The Building Administrator will ensure that emergency services are contacted following the use of an opioid antagonist.
