Thank you and I look forward to seeing the facility at your convenience.
I do not object to the Haas Hall Academy locating in our community.

Dear Terry:

Out of respect for the Charter Authorizing Panel, I am requesting an answer from you about whether or not you object to Haas Hall Academy starting a school in Fort Smith, or if you do not object. Either way is fine, I just need to let them know.

I am willing to meet with you when it is convenient for you to discuss our program and school site. I do appreciate your assistance with this matter.

Sincerely,

Marty
