

HUTCHINSON HAPPENINGS FOR THE MONTHS OF JANUARY/FEBRUARY 2012

HUTCH Plan for AU

Our staff is benchmarking this month. We've completed reading, math, and writing and will look at scores through Eduphoria next week to make plans. Tutoring continues each day. Big shoutout to Charlotte Stovall, who created all benchmarks on Eduphoria this year. That's a first for us, and it allows us to disaggregate data on every test. Also a big shoutout to the teachers, who are using Eduphoria for creating Curriculum Based Assessments (CBAs) to test students about their unit progress. They are also eligible for Eduphoria disaggregation.

Staff Development

Mrs. Stovall, Mrs. Lindsey, and I went to ESC 14 for the STAAR Test training in January. They are finally getting accommodations, etc., ready for us to use for the test.

Celebrations

Hutch celebrated Counselor's Week with a tribute to Mrs. Stovall. Kids wrote cards, and the teachers surprised her with a luncheon.

Valentine's Parties were held on Friday the 10th, for obvious reasons. ☺

AR

The 50% goal was the Movie Marathon at the 3M Palace Theater in January. About 125 kids earned their 50% goal this year.

Parent Involvement

Our first Parent Fair was attended by about 20 parents. Mrs. Toombs, Mrs. Stovall, and Mr. Hardman presented information about Internet Safety and What Parents Should Know About Facebook and Their Children.

Nurse Nat

Nurse Natalie has hit the ground running. She's worked on National Heart Health Month this month, giving the whole staff some incentives to stay heart healthy. On the 3rd, all the staff and students wore red to celebrate Healthy Hearts.

Shoutouts

Big shoutout to Mrs. Leverton and our new paraprofessional in Wolf Mountain, Karen Berber, who have provided some after-school experiences for our children. They've taken students to local basketball games and provided transportation to school events this year.

Upcoming Events

TexasFest '12 is coming soon! Get yer boots ready....
